

PARTS DEPARTMENT BULLETIN

DATE: 10 JUNE 2011

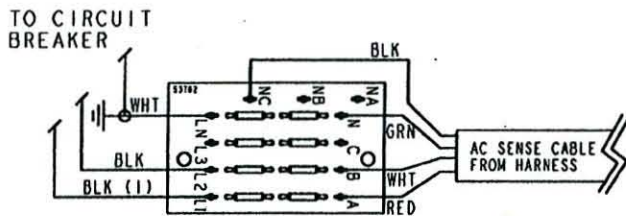

BULLETIN NUMBER: 2011-1

SUBJECT: AC VOLTAGE SENSE RESISTOR BOARD CHANGE

MODELS: ALL D-NET GENERATOR MODELS

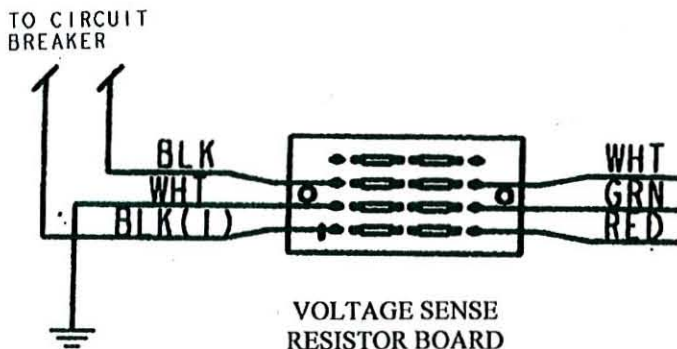

The Voltage Sensing Resistor Board pn#052719 (illustrated below) has been redesigned to add an additional voltage sensing circuit.

The new Voltage Sensing Resistor Board will have pn#053762 and will replace the existing board pn#052719 in production units and for parts orders received from the field.
